Your patch testing results indicate that you have a contact allergy to Tetramethylthiuram monosulfide. It is important that you familiarize yourself with this chemical and take steps to avoid coming in contact with it.

**What is Tetramethylthiuram monosulfide and where is it found?**

This chemical is used as an accelerator and activator in the processing of natural and butyl rubbers. Further research may identify additional product or industrial usages of this chemical.

**What else is Tetramethylthiuram monosulfide called?**

This chemical can be identified by different names, including:

- [(CH₃)₂ NCS]₂S
- 1,1'-thiobis(N,N-dimethylthio-Formamide
- Aceto TMTM
- Bis(dimethylthiocarbamyl) monosulfide
- Bis(dimethylthiocarbamyl) sulhide
- Dimethyl-Carbamodithioic acid, anhydrosulfide
- Mono-Thiurad; Monothiuram
- Monosulfure de tetramethylthiurame
- N,N,N',N'-Tetramethylthiuram monosulfide
- Sulfide, bis(dimethylthiocarbamoyl)
- Tetramethylthiuram monosulfide
- Tetramethyldithiocarbamic acid anhydrosulfide
- Tetramethylthiuram sulfide
- Thionex
- Thiuram MM
- UNADS

This may not be a complete list as manufacturers introduce and delete chemicals from their product lines.

### THINGS YOU CAN DO TO HELP MANAGE YOUR CONTACT ALLERGY

- **Be vigilant … read the product label.** Always take the time to read the ingredient listing on product packages. This should be your first step each time you purchase a product as manufacturers sometimes change product ingredients. If you have any concerns ask your pharmacist or your doctor.

- **Test the product first.** If you have purchased a new product you should test it on a small skin area to see if you get a reaction before using the product on larger skin areas.

- **Advise people you obtain services from of your contact allergy.** This should include people like your pharmacist, doctor, hairdresser, florist, veterinarian, etc.

- **Inform your employer if the source of your contact allergy is work related.** You should identify the specific source of the chemical and take the necessary steps to avoid further exposure. Protective wear may be adequate or you may need to make a change in your work activities. Both you and your employer benefit when the cause of your occupational dermatitis is eliminated.

- **“Google” it.** The internet is an excellent source of ingredient information that can be searched by product, by company and by specific chemical. Some helpful independent internet links include:
  - [www.cosmeticsinfo.org](http://www.cosmeticsinfo.org) (Cosmetic Industry Category Ingredient Database)
  - [www.whatsinsidescjohnson.com](http://www.whatsinsidescjohnson.com) (information on all S.C. Johnson product ingredients)

If you have any future contact dermatitis concerns or questions, please call the doctor’s office.
