

**N-Cyclohexyl-2-Benzothiazyl  
Sulphenamide**

(C-023)

Your patch testing results indicate that you have a contact allergy to **N-Cyclohexyl-2-Benzothiazyl Sulphenamide**. It is important that you familiarize yourself with this chemical and take steps to avoid coming in contact with it.

**What is N-Cyclohexyl-2-Benzothiazyl Sulphenamide and where is it found?**

This is a chemical used as a rubber accelerator and can be found in rubber products. Further research may identify additional product or industrial usages of this chemical.

**What else is N-Cyclohexyl-2-Benzothiazyl Sulphenamide called?**

This chemical can be identified by different names, including:

*CBTS, CBS**Cyclohexylbenzothiazyl sulfenamide**Eastozone**N-Cyclohexyl-2-benzothiazyl sulfenamide**N,N'-bis(1,4-dimethylpentyl) 1,4-benzenediamine**N,N-di(1,4-dimethylpentyl)-pphenylenediamine**N,N'-bis-(1,4-dimethyl-pentyl)-p-phenylenediamine**N-Cyclohexylbenzothiazyl sulfenamide**Tenamen**Santocure**Santoflex 77**Vulkanox 4030*

This may not be a complete list as manufacturers introduce and delete chemicals from their product lines.

**THINGS YOU CAN DO TO HELP MANAGE YOUR CONTACT ALLERGY**

- Be vigilant ... read the product label.** Always take the time to read the ingredient listing on product packages. This should be your first step *each* time you purchase a product as manufacturers sometimes change product ingredients. If you have any concerns ask your pharmacist or your doctor.
- Test the product first.** If you have purchased a new product you should test it on a small skin area to see if you get a reaction before using the product on larger skin areas.
- Advise people you obtain services from of your contact allergy.** This should include people like your pharmacist, doctor, hairdresser, florist, veterinarian, etc.
- Inform your employer if the source of your contact allergy is work related.** You should identify the specific source of the chemical and take the necessary steps to avoid further exposure. Protective wear may be adequate or you may need to make a change in your work activities. Both you and your employer benefit when the cause of your occupational dermatitis is eliminated.
- “Google” it.** The internet is an excellent source of ingredient information that can be searched by product, by company and by specific chemical. Some helpful independent internet links include:
