

Tris Hydroxy-methylnitromethane
(2-Hydroxymethyl-2-nitro-1,3-propanediol)

(H-015)

Your patch testing results indicate that you have a contact allergy to **Tris Hydroxy-methylnitromethane**. It is important that you familiarize yourself with this chemical and take steps to avoid coming in contact with it.

i What is Tris Hydroxy-methylnitromethane and where is it found?

This chemical is used as a bactericide and slimicide for use in cooling fluids, paper and pulp industry. It is also used as a curing agent for certain adhesives and a viscosity controlling agent in certain cosmetics. Further research may identify additional product or industrial usages of this chemical.

i What else is Tris Hydroxy-methylnitromethane called?

This chemical can be identified by different names, including:

2□hydroxymethyl□2□nitropropanediol	Nitroisobutylglycerol
2□Nitro□2□(hydroxymethyl)□1,3□propanediol	Nitromethylidynetrimehanol
Cimcool wafers	Nitrotris(hydroxymethyl)methane
Hydroxymethyl)□2□nitro□1,3□propanediol	Tris(hydroxymethyl)nitromethane
Hydroxymethyl)□2□nitropropane□1,3□diol	Trimethylolnitromethane
Hydroxymethyl)□2□nitropropanediol	Tris□Nitro
Nitro□2□(hydroxymethyl)□1,3□propanediol	

This may not be a complete list as manufacturers introduce and delete chemicals from their product lines.

THINGS YOU CAN DO TO HELP MANAGE YOUR CONTACT ALLERGY

- ☒ **Be vigilant ... read the product label.** Always take the time to read the ingredient listing on product packages. This should be your first step *each* time you purchase a product as manufacturers sometimes change product ingredients. If you have any concerns ask your pharmacist or your doctor.
- ☒ **Test the product first.** If you have purchased a new product you should test it on a small skin area to see if you get a reaction before using the product on larger skin areas.
- ☒ **Advise people you obtain services from of your contact allergy.** This should include people like your pharmacist, doctor, hairdresser, florist, veterinarian, etc.
- ☒ **Inform your employer if the source of your contact allergy is work related.** You should identify the specific source of the chemical and take the necessary steps to avoid further exposure. Protective wear may be adequate or you may need to make a change in your work activities. Both you and your employer benefit when the cause of your occupational dermatitis is eliminated.
- ☒ **“Google” it.** The internet is an excellent source of ingredient information that can be searched by product, by company and by specific chemical. Some helpful independent internet links include:
 - www.nlm.nih.gov/pubs/factsheets/factsheets.html** (U.S. Dept. of Health and Human Services; alphabetic list)
 - www.nlm.nih.gov/pubs/factsheets/factsbj.html** (U.S. Dept. of Health and Human Services; subject list)
 - www.cosmeticsinfo.org** (Cosmetic Industry Category Ingredient Database)
 - www.whatsinsidescjohnson.com** (information on all S.C. Johnson product ingredients)

If you have any future contact dermatitis concerns or questions, please call the doctor's office.
